

# SKID STEER TIRES

> **TITAN ULTIMATE**  
Extra long life with up to twice the tread depth of conventional skid steer tires.

MADE BY TITAN®

## THERE'S A REASON TITAN IS THE NUMBER ONE NAME IN SKID STEER TIRES.

Whether you're landscaping on sensitive turf, pushing snow on concrete or doing earthwork in deep mud, we have a range of tread styles to meet your needs. From the industry's deepest bar lugs, to rugged diamond lugs and shallow button lugs — our complete lineup of radial and bias lines are available in heavy-duty construction and tough compounds to resist tearing and cracking, ensuring you can get the job done with a low cost per hour in any application.

“ I’ve been getting good feedback on the LSW Titan tires. The operators tell me that the skid steers tend to operate a little more smoothly, a little more stable, less spillage from the bucket when they’re carrying materials. ”
